

Business Cards

EPFL business cards are double-sided and designed to showcase our new brand identity.

Level 3 (institute) may be removed if you run out of space.

The space for your contact details is small. If you do not have enough space to put all the information you would like, you can add a link to your EPFL profile page.

The items in red are pre-printed and cannot be changed.

The procedure for ordering business cards is the same as before, and your cards will arrive within a few weeks.

Good practices : limit the information, your complete profile is on people.epfl.ch.

Bad practices: multiply information, inverting hierarchical levels, acronyms
